

THE REUNITED STATES

HOSTING A SCREENING EVENT

THE REUNITED STATES

WHY HOST A SCREENING?

The Reunited States delivers an urgent message that we all have a role to play in healing divisions in our society.

Hosting a screening of the film can create opportunities that engage and encourage others to join conversations in their communities and consider what the film's message means for them.

We have seen immense value in pairing the film screening with a discussion-based event where the film can be used as an entry point into powerfully impactful conversations and personal reflections on healing our divides and imagining our own bridge building journeys.

"...The Reunited States shows us that, if we are going to heal this country's divisions, we all need to summon the power to change how we see and hear each other."

VAN JONES

THE REUNITED STATES

GETTING STARTED

Deciding What Type of Event To Plan:

- Most events right now are virtual and the film is viewed individually/asynchronously
- Collective/synchronous viewing events may also be possible
- We offer a branded, password-protected page on our website for participants to view the film
- Other viewing options could be Facebook Watch Party, Private YouTube Channel Livestream, etc

Facilitating An Energizing Discussion:

- Consider including speakers from your Community
- Consider including speakers from the Film - the Director and other Bridging Leaders featured in the film are available to participate in your event, schedule permitting
- Typically hosts select Zoom, but any meeting platform will work

In addition to our brief conversation guide, our website includes helpful resources from leading bridging organizations: www.reunitedstates.tv
